STATEMENT OF OBJECTS AND REASONS

The Hill Areas of the Union territory of Manipur are inhabited mostly by tribal people. In view of this, when the Union territory of Manipur was given the Legislature under the Government of Union Territories Act, 1963, a special provision was included in section 52 of that Act for the constitution of the Standing Committee of the Legislature consisting of members from the Hill Areas.

2. It is considered desirable that the people in the Hill Areas should be more closely associated in the development of those areas. With this object in view, it is proposed that the Hill Areas, as determined by the President under section 52 of the Government of Union Territories Act, 1963, may be divided into autonomous districts and a District Council may be constituted for each autonomous district. The elections to the District Councils would be on the basis of adult franchise. The District Councils would be on the lines of the former Territorial Councils, with adequate executive powers to deal with matters of local development and other matters of importance to the tribals. The District Councils would have power to levy and collect taxes and fees like taxes on professions, trades, callings, and school fees. The District Councils would also be competent to recommend legislation relating to matters like appointment or succession of Chiefs, inheritance of property and social customs insofar as they concern members of the Scheduled Tribes. The Bill is intended to achieve this object.

3. The notes on clauses, appended to the Bill, explain in detail the various provisions of the Bill.
