STATEMENT OF OBJECTS AND REASONS FOR ACT 6 OF 2008

The geographic base of Indian marine fisheries has 8118 km. coastline, 2.02 million sq. km. of Exclusive Economic Zone (EEZ) including 0.5 million sq. km. of continental shelf. Of this, the Union territory of Puducherry has 45 km. of coastline in the regions of Puducherry, Karaikal and Mahe. Marine fisheries within the territorial waters are the subject of maritime States, whereas fisheries beyond this limit within the EEZ fall in the jurisdiction of the Central Government. Among the thirteen States / Union territories, including the two island territories on the east and west coasts, all other States / Union Territories except the Union territory of Puducherry have promulgated Marine Fishing Regulations to regulate the various aspects of Marine fishing like registration of vessels, issuing fishing licences to them and enforcing measures aimed at conservation of the rich marine resources as well as their sustainable exploitation. In the absence of such a regulation in our Union Territory, all these measures could not be properly implemented and hence the need to introduce a legislation for the purpose.

The draft Bill therefore seeks to achieve the above objects.
